Hi Eric - One question...for the meeting on the 5th, what time would you all prefer? I was thinking about a 9am start, but please let me know if this doesn't work well for your team.

thanks!  
valerie

Valerie, the dates below work for us. Regarding the June 4th and 5th dates, we would like to discuss PRGs on the 4th beginning at 1:00 pm. Regarding the stormwater meeting, I am still waiting for Kristine Koch to confirm that this date will work for her. It seems to work for other team members so let's go ahead and book it.

Thanks, Eric

Chip, Eric -

Can you please let me know if your team is available next week for the following meetings:

Weds. May 28, 1pm = Fate and Transport Telecon.  
Thurs. May 29, 9am = Background methods

I would also like to try and schedule meetings with EPA on PRGs and Stormwater Loading Methods for June 4 and 5. At this time, LWG has no preference for which topic is covered on which day. If it looks like the right people aren't available either of those days, it would be great if you could provide me with some idea of availability over the next couple weeks for the appropriate people for each topic.

thanks!  
valerie
